- Ted Pullen reported that there is no change in the Airport Project status and that construction continues for the TARC projects
- Since last meeting, KIPDA met and the funding of some of Metro's projects has been changed because of being unable to meet state's timelines.

The ARRA funding for the Levee Trail, A.B. Sawyer Greenway and the Seneca Loop (\$2.2 million) has been moved over to the state's Blankenbaker Parkway Project and will now be funded 100% by SLO funds

The Intermodal Transit Station ARRA funding (\$1.8 million) will be used for more Side Walk Repair Projects and it will also now be 100% funded by SLO funds

- Environmental work for the Street Rehabilitation projects should be completed soon. Once complete, a MOU will be drawn up with the state for the work to begin.
